Hi Rosemary, here's a pdf of the ppt presentation on upcoming NPDES permits for tomorrow's Federal Caucus meeting. I sent a ppt, but I think the file is big because of photos I used. The pdf is a smaller file. - Jenny

Hi Mary Lou,

Gina and I are working on the draft agenda and hopefully it will go out today. We have Jenny scheduled, TMDL conversation, and GAO report all on the agenda. We're trying to finalize a few other agenda items.

More soon!

I need to tell Jenny Wu what time she will be giving the EPA PPT on the Dam Permits.

Also there has been some talk about having a Columbia River Temperature TMDL conversation as well.

I am fine with that and a suggestion is that we have at the end of the meeting in case some of the agencies that are not as interested would like to leave early.
